paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 197 Publisher: Beijing University of Technology Press Pub. Date :2009-8-1. This book is based on the teaching contents and curriculum reform. the sensor and detection technology closely integrate the content of organic made . The book is Chapter 9. through practical application of engineering. describes the sensor and detection technology. the basic concept. the meaning of modern detection technology. automatic detection system features and concepts; details about the sensor and detection technology based knowledge and related concepts. based on energy type and physical characteristics of the sensor principle and application of environmental technology. the basic amount of testing theory and application; focuses on new sensors and intelligent sensor's basic principles. characteristics and application of the concept of automatic detection instrumentation and automatic detection system design. After each chapter with review questions to think. This book can be used as a four-year undergraduate three-year vocational higher education and high professional basis for post-secondary education teaching materials are also available for testing in the engineering and technical personnel for reference. Contents: Chapter 1 sensor and detection technology sensor and detection technology 1.1 Overview 1.1.1 The concept of sensor and detection technology sensor and detection technology 1.1.2 Applications 1.2 1.2.1 The modern technology of modern detection technology detects the meaning and characteristics 1.2. 2 modern detection methods 1.2.3 Detection status and role of automatic detection system 1.3 1.3.1 1.3.2 automatic detection system composed of the development of detection systems thinking review questions Chapter 2 sensors and sensor-based detection technology knowledge base 2.1 2.1 .1 sensor definition and classification of the composition of the sensor 2.1.2 2.1.3 2.1.4 the basic characteristics of the sensor in a flexible sensor detection and sensor detection...
